

What is a Deye se-g5.1 Pro-B Battery?

The Deye SE-G5.1 Pro-B is a cutting-edge lithium iron phosphate(LFP) battery designed for safe, reliable, and flexible energy storage solutions. This modular battery system is perfect for both residential and commercial applications, allowing you to increase your self-consumption ratio and optimize your energy usage.

How reliable is the se-g5.1 Pro-B Battery?

Reliable: The SE-G5.1 Pro-B supports high discharge power and operates in a wide temperature range of -20°C to 55°C . With an IP20 rating and natural cooling, this battery is built to last. **Flexible:** The modular design allows for easy expansion, with a maximum of 64 units in parallel, providing up to 327 kWh of storage capacity.

What is a g5.1 Pro - B?

Robust Design: Engineered to perform reliably across a wide temperature range, the SE-G5.1 Pro - B can operate efficiently in temperatures from -20°C to 55°C . Its IP20 rating adds to its durability, making it suitable for different environmental conditions.

Why should you buy a se-g5.1 Pro - B?

Safety and Longevity: The SE-G5.1 Pro - B employs a cobalt-free lithium iron phosphate chemistry, which is well-known for its inherent safety and stability. This battery is equipped with an intelligent Battery Management System (BMS) that provides comprehensive protection for the cells.

What is the power output of the se-g5.1 Pro - B?

It continuously monitors key parameters such as voltage, current, and temperature, ensuring that the battery operates safely under varying conditions. **High Performance:** With a nominal voltage of 51.2V and a substantial capacity of 100Ah, the SE-G5.1 Pro - B delivers a nominal energy output of 5.12kWh, with a usable energy capacity of 4.6kWh.

Is the se-g5.1 Pro - B eco-friendly?

The SE-G5.1 Pro - B is constructed from non-toxic, eco-friendly materials, making it a responsible choice for consumers who prioritize sustainability. This environmentally sound approach ensures that the entire battery module remains pollution-free and contributes positively to a greener planet.

Equipped with an intelligent Battery Management System (BMS) for comprehensive protection, this battery is ideal for both residential and commercial self-consumption applications. The SE-G5.1 Pro-B offers natural cooling, wide temperature range tolerance, and easy maintenance.

Discover the Deye SE-G5.1 Pro-B, a safer and eco-friendly home battery storage system with a cobalt-free Lithium Iron Phosphate (LFP) battery. It offers high efficiency, high power density, and a long lifespan.

Deye SE-G5.1 Pro-B battery is a high-performance energy solution designed for renewable energy applications, including solar power systems and backup energy storage. With its robust design, it ensures reliable power supply in residential ...

SKU SE-G5.1Pro-B Categories All Products, Batteries Tag DEYE \$ 1,588.47 Original price was: \$1,588.47. \$ 1,551.79 Current price is: \$1,551.79. ... Reliable: The SE-G5.1 Pro-B supports high discharge power and operates in a wide temperature range of -20°C to 55°C. With an IP20 rating and natural cooling, this battery is built to last.

Deye SE-G5.1 Pro-B battery is a high-performance energy solution designed for renewable energy applications, including solar power systems and backup energy storage. With its robust design, it ensures reliable power supply in residential and commercial settings, making it ideal for off-grid living, emergency power backup, and peak shaving.
