

SEC Energy Storage has been built with hundreds of years of combined experience in the energy industry. Today this foundation means we're ahead of the game as the industrial battery market matures. All of SEC's energy storage solutions are designed and developed in-house, using SEC's legacy technical blueprints.

But with a network of partners all over the world, SEC "home" is wherever you need it to be. Please don't hesitate to contact us through our form on this page or contact your nearest SEC office at the details below.

sec???????1977???????,????????????????,???????????????????? SEC????????????????,?????:  
Solar Energy Centre,??SEC?

SEC Industrial Battery Profile and History. SEC makes all-condition batteries for exploration, extraction, and refinement. Constantly innovating, we strive to minimize maintenance requirements, improve ruggedness and widen the temperature ...

We supply everything you need from Lead-Acid and Lithium-Ion industrial batteries, to the latest solar modules. So whether you're in telecom, UPS, marine or even large scale renewables, there are SEC partnerships to suit your business.

SEC Industrial Battery Company provides safe, reliable power solutions worldwide. SEC's high quality Industrial Batteries and related products, together with our Service record, Engineering, Installation, testing, and maintenance expertise makes SEC the best answer for your global battery requirements.
