

Where is the 50MW Planet Solar PV project located in Sierra Leone?

The 50MW Planet Solar PV project is split in four different locations in Sierra Leone, consisting of a 12MW power plant under construction in BO/Kenema, a 4.05 MW (DC) power plant to be constructed in Port Loko, a 25MW power plant under construction in Makoth and a 10MW power plant under construction in Kono.

What is power Leone?

Power Leone stands as the cornerstone of Energicity's operations. With solar mini grids established in 30 communities, we bring reliable and sustainable power to over 7,000 customers. Sierra Leone Rural Renewable Energy Project

How many solar mini-grid sites are there in Sierra Leone?

In 2020 Power Leone signed an MOU with the Government of Sierra Leone to construct and operate 40 solar mini-grid sites with 1.4 MW capacity across rural Sierra Leone. In 2024, Sierra Leone is constructing and commissioning 17 of these mini-grid sites (800 kW).

When did power Leone start a mini-grid?

Power Leone's first commissioned mini-grid was in Petifu Junction. Phase 3 Project In 2020 Power Leone signed an MOU with the Government of Sierra Leone to construct and operate 40 solar mini-grid sites with 1.4 MW capacity across rural Sierra Leone.

In 2020 Power Leone signed an MOU with the Government of Sierra Leone to construct and operate 40 solar mini-grid sites with 1.4 MW capacity across rural Sierra Leone. In 2024, Sierra Leone is constructing and commissioning 17 of these mini-grid sites (800 kW).
