

7-10kW Single-phase series string inverter bring more power generation to users by adopting three MPPT design. Smaller size, lighter weight, the simpler installation, more convenient transportation. The optional AFCI device can avoid reducing the fire incidence by 99%, and protect your electricity safety to a greater extent.

Headquartered in South Korea, Seoul, Hex Power system was the first company that introduced grid-tie PV inverter to South Korea PV inverter market. Based on years of research and development of PV inverter, Hex Power System is setting new standards to provide customers intelligent, safer and reliable products.

Solis Single Phase Grid-Tied Inverters Features: Models: o String current up to 16A o Integrated with zero export power control function o Light weight with compact design for easy installation o 2 MPPT design with precise MPPT algorithm S6-GR1P2.5K-S / S6-GR1P3K-S S6-GR1P3.6K-S / S6-GR1P4K-S S6-GR1P4.6K-S / S6-GR1P5K-S S6-GR1P6K-S ...

Solis Single Phase Grid-Tied Inverters Features: Models: o New appearance design, convenient operation through Bluetooth APP o 3 MPPT design, suitable for multi-facing roof o String current up to 20A, applicable for large-current PV panels o Zero export control through CT or Meter o 24-hours load monitoring function

The Eastman On-Grid PV Inverter Single-phase inverters are designed for residential PV system applications, rating from 7kW to 10kW. All models have unibody housings with aluminum structure which is anodized, increasing durability and effectively prevents corrosion.

14 ?&#0183; Solar Inverter Manufacturers from Korea Companies involved in Inverter production, a key component of solar systems. 13 Inverter manufacturers are listed below.

Committed to technology development in renewable energy field, Hex Power System has been in forefront of PV inverter industry. Headquartered in South Korea, Seoul, Hex Power system was the first company that introduced grid-tie PV inverter to South ...
