What is a WindNation adjustable solar panel mounting kit?

WindNation Adjustable Solar Panel Mounting Kit is designed to mount/rack solar panels up to 28 in. in width. Includes: Adjustable mounting frame and fasteners (see photos above). Note: No solar panel is included with your purchase. I would like to know the dimensions of the assembled product, if it is adjustable with.

Which solar panels are compatible with the multi-panel mount?

The Multi-Panel Mount is compatible with most 100W monocrystalline, 120W monocrystalline and 200W mono solar panels. Galvanized Steel construction, sturdy and durable. You can put battery, controller, inverter at backside of the mounting system. It can save lots of room and use solar power system easier.

How thick are the brackets?

The brackets are 0.085" thick. How do these bolt to the panel? Do they bolt to the underside of the panel? I am thinking I would do better with a clip style over the edge of a panel and only bolts to the roof. Yes, they bolt to the underside of the panels frame and then to the surface where the panel will be mounted. Is steel or aluminium?

Will brackets fit a slim panel?

These brackets can be made to fit the slim panel if you drill out the panel mounting holes to 5/16"; thus potentially violating the panel warranty. There will be very little clearance between the bottom of the bolt and the back of the panel.
