

St. Maarten faces significant challenges in transitioning to 100% renewable electricity due to its limited space, lower wind speeds, and frequent hurricanes. The island's small and hilly terrain makes large-scale solar and wind energy installations difficult, as many potential locations are already used for tourism and housing.

Gebe wants to create a solar park at the two parking facilities on the Walter Nisbeth Road and on the roof of its power plant building. One of the reasons for creating the solar park is to gradually move away from the fossil fuels ...

At Solar Tech Caribbean, we are dedicated to revolutionizing the way you power your life. Our mission is to provide cutting-edge solar solutions, seamless Starlink installations, and convenient EV charging services tailored to meet the unique needs of Sint Maarten/Saint Martin.

The Dutch government has revealed that it will extend the SDE++ incentive program for large-scale renewables to its overseas territories of Curaçao, Aruba, and Sint Maarten, It had previously...

Welcome to Solar Energy Caribbean, your premier destination for harnessing the power of the sun to revolutionize your energy consumption in Sint Maarten NV, Saint Martin, Martinique, Guadeloupe, Trinidad & Tobago and throughout the Dutch ...

Energynautics and TNO reached similar conclusions regarding the viability of solar photovoltaic (PV) installations as the best renewable energy option for St. Maarten. Both ...

This solar farm project will be led by China Machinery Engineering Corporation's (CMEC) subsidiary, CMEC Dutch Caribbean. The company has built renewable energy projects around the world, and will supply the most advanced photovoltaic panels available in the market to the Sonesta Resorts.

Energynautics and TNO reached similar conclusions regarding the viability of solar photovoltaic (PV) installations as the best renewable energy option for St. Maarten. Both reports strongly advocate for the rapid scaling-up of solar PV projects as a cost-effective and sustainable solution.
