

With sunshine abundant in Sri Lanka, solar provides one of the biggest rays of hope for this green transition. Through its Nationally Determined Contributions, the Sri Lankan government has pledged that 70% of its energy will come from renewable sources by 2030. The country already has a well-established solar sector.

Any solar company can offer a warranty for the solar system, but only limited companies in Sri Lanka can guarantee the warranties and provide an extended warranty for the full 25 years. With over 10 years of experience in the solar industry and over 75 years of consumer trust in St. Anthony's core values, we believe we can convert any roof ...
