

What does a solar repair technician do?

Our solar repair technicians will inspect your solar energy system. One of the services that a solar maintenance specialist may perform is to check the electrical panel and main interconnection breaker. The circuit breaker for your solar energy system is one of the essential parts of your solar energy system.

How much does a solar system repair cost?

On average, a solar system repair will cost approximately \$400, depending on the type of repair. Usually, this will include a \$200 call-out fee which is standard with most servicing companies. Some solar system repairs may fall under the call-out fee, while others, like replacing faulty DC circuit breakers, could cost as much as \$800.

What are the best practices for servicing and repairs of solar panels?

To ensure the efficient operation of solar panels, here are some best practices for servicing and repairs: Regular cleaning: Periodic cleaning of solar panels, particularly in dusty or polluted environments, helps maintain optimal performance. Use soft brushes or sponges and gentle cleaning solutions to avoid scratching the panel surface.

What can a solar panel technician do for You?

From solar panel hot spots to your solar energy system not turning on, our solar panel specialists can help troubleshoot your solar energy system. Our solar technicians will do a thorough inspection from checking the connections between the solar panels and inverters, to inspecting your main electrical panel.

Can solar panels be repaired?

Yes, solar panels can be repaired depending on the type of damage, but it's typically better to replace the damaged panels. Our Service Department can inspect your system to see whether the fix can happen on-site.

How much does solar panel cleaning cost?

Solar panel cleaning should cost around \$15 per panel or \$300 for a 20-panel system. The energy payback on this spend should be well and truly worth it as output can decay 10-20% if your panels are dirty. How often should I get my solar panel installation serviced?

Wells Solar offers professional solar panel maintenance and repair services to fix your solar woes and get your system up and producing once more. We can help with solar system inspections, solar panel repair, solar panel replacement, ...
