The USVI Solar+ Financing (SPF) Pilot Program is a loan program for residential solar PV and Battery systems being offered through the Virgin Islands Energy Office and the VI Water and Power Authority.

Through on-bill repayment this program allows property owners to pay for renewable energy systems through their monthly utility bill.

The innovative financing program offered Virgin Island resident's loans of up to \$30,000 to use towards the installation of solar photovoltaic (PV), and solar PV systems built in conjunction with battery storage.
