

Does Sierra Leone have a solar energy resource?

Ministry of Finance The Government of Sierra Leone (GoSL) recognises that the country is endowed with a significant solar energy resource. This potential however remains largely untapped.

How many solar mini-grid sites are there in Sierra Leone?

In 2020 Power Leone signed an MOU with the Government of Sierra Leone to construct and operate 40 solar mini-grid sites with 1.4 MW capacity across rural Sierra Leone. In 2024, Sierra Leone is constructing and commissioning 17 of these mini-grid sites (800 kW).

What is power Leone?

Power Leone stands as the cornerstone of Energicity's operations. With solar mini grids established in 30 communities, we bring reliable and sustainable power to over 7,000 customers. Sierra Leone Rural Renewable Energy Project

Who regulates the energy sector in Sierra Leone?

The primary law regulating energy sector in Sierra Leone is the National Electricity Act 2011 ("Electricity Act"). This Act incorporates EGTC and establishes EDSA, both of which started operations in 2015. It also sets the legal provisions under which those entities are governed, managed, functioning and are funded.

What will GOSL do for Sierra Leone?

GOSL will remove barriers hampering the effective development, implementation and dissemination of renewable energy technologies. Also, the draft Energy Policy estimates that Solar PV generation capacity in Sierra Leone is expected to start at 31 MW in 2020 and increase to 156 MW by 2023.

Does Sierra Leone have duty-free & GST exemptions for solar PV equipment?

Despite these duty-free and GST exemptions for the solar PV equipment in Sierra Leone, the process of its application is reported to take quite long and more stream-lining and clear procedures of collaboration between the institutions is needed.

Planet Solar is the first utility scale solar power project and the first Independent Power Producer (IPP) in Sierra Leone. The project aims to achieve the realization of 50 MW of renewable energy in a country with a huge gap between electricity demand and supply.

Three Development Finance Institutions and a renewable fund manager have announced a co-investment of more than \$52 million for Planet Solar, a greenfield 50MW solar power project in Sierra Leone. Planet Solar ...

Three Development Finance Institutions and a renewable fund manager have announced a co-investment of

more than \$52 million for Planet Solar, a greenfield 50MW solar power project in Sierra Leone. Planet Solar will be the first large-scale grid-connected solar Independent Power Producer (IPP) project, driving a diversified approach to ...

Founded in 2019, Easy Solar - Power Solutions is a leading provider of solar energy solutions in Sierra Leone and Liberia. With over 700 kW of installed capacity, we are committed to providing world class solar and battery storage ...

This greenfield 50MW solar power project, developed by Frontier Energy and Planet One, will be the country's first large-scale grid-connected solar Independent Power Producer (IPP). The investment underscores the country's commitment to diversifying its energy mix and addressing the urgent need for clean, affordable, and stable power.

In 2020 Power Leone signed an MOU with the Government of Sierra Leone to construct and operate 40 solar mini-grid sites with 1.4 MW capacity across rural Sierra Leone. In 2024, Sierra Leone is constructing and commissioning 17 of ...

Alongside renewable fund manager Frontier Energy, BII and other DFIs including FMO and Proparco invested over \$52 million in Planet Solar, a greenfield 50 MW solar power project in Sierra Leone, which is expected to increase electricity supply by 30 per cent.

Alongside renewable fund manager Frontier Energy, BII and other DFIs including FMO and Proparco invested over \$52 million in Planet Solar, a greenfield 50 MW solar power project in Sierra Leone, which is expected to increase electricity ...

Founded in 2019, Easy Solar - Power Solutions is a leading provider of solar energy solutions in Sierra Leone and Liberia. With over 700 kW of installed capacity, we are committed to providing world class solar and battery storage for schools, businesses, hospitals, farms and other high-impact organisations.

Sierra Power (SL) Limited is a leading off-grid solar company committed to providing clean and reliable energy solutions in Sierra Leone. With a focus on sustainability and innovation, Sierra Power aims to revolutionize the energy landscape by delivering affordable and accessible solar power to communities across the nation.

In 2020 Power Leone signed an MOU with the Government of Sierra Leone to construct and operate 40 solar mini-grid sites with 1.4 MW capacity across rural Sierra Leone. In 2024, Sierra Leone is constructing and commissioning 17 of these mini-grid sites (800 kW).
