

Who is a solar wholesale distributor?

We're proud to say that we are one of the top solar wholesale distributors in the United States, providing high-quality solar products to installers and contractors all over the country. As a Tier 1 wholesale solar distributor, PowerStore, Inc. offers a wide range of products from over 26 major solar equipment manufacturers at near-direct pricing.

Should you buy wholesale solar equipment?

There are many benefits to buying wholesale solar equipment and streamlining your supply chain processes. Lower priced arrays help more people go solar. You probably got into this business because you believe in solar as an affordable renewable energy source and want to do your part to make it accessible to all.

Do solar wholesalers offer Value-Added Services?

Many solar wholesalers and distributors have evolved their business models to offer value-added services. Some provide storage space to contractors and will drop ship equipment to project worksites. Some offer lines of credit. And some buy back your excess and used equipment as long as the material has resale value.
