The Solar System to Scale was a gift by the Sandy and Andy Ross Family to provide a sense of the size of our cosmic home and to inspire a sense of wonder and exploration. It has taken a number of years to get this wholly unique scale model installed on campus. There is ...

Voyage Through the Solar System Voyage Through the Solar System. Arne Slettebak Planetarium at Ohio State. Smith Laboratory 174 W 19th Ave Columbus, OH 43210 E-Mail: planetarium@osu Phone: 614 292-1773 Fax: 614 ... The Ohio State University.

ASTRON 2140 at Ohio State University (OSU) in Columbus, Ohio. We study the formation, current properties, and evolution of the Sun, planets and minor bodies of the Solar System; how they compare with planetary systems around other stars; and how people, over millennia, inferred that the Earth was not at the center of the Universe.

A new cosmic art installation on The Ohio State University campus represents our solar system and bridges the arts and sciences in an astronomical way. "The Solar System to Scale" comprises 10 mixed-media kiosks that begin with a "sun" kiosk on Woodruff Avenue outside the Chemical and Biomolecular Engineering and Chemistry Building and ...
