

Why should you choose the solardrive container power unit?

In remote areas where fuel is difficult or expensive to access, or in situations where you appreciate the silence of solar power, we can recommend considering the SolarDrive Container Power Unit as a supplement for the noisy and polluting generators. Preserving foods after harvest is crucial for the economy and environment.

Can You Power a container with solar power?

You have a container. Let's power it with carbon-free, cost-efficient, plug-and-play, electricity. We are experts in solar energy. Our patent protected solar power units fits perfectly on top of 20' or 40' containers. No more hassle to get cost-efficient, green, energy to your containers. Containers are used for many purposes.

How do solardrive CPS units work?

SolarDrive CPS units are physically interconnected or installed on top of containers by using simple twistlocks or horizontal locks (standard tools in the container industry). Electrical connection is obtained with a standard extension cord to a distribution board or directly to the container demanding power.

Which solar power systems are best for container conversions?

Solar Power Systems for Container Conversions. Fitting or DIY. Sunstore's off-grid container systems are ideal for delivering sustainable power to remote areas, off-grid sites or for emergency backup. They come as two types.

Should I buy a container power unit?

When fuel is plenty and cheap this can well be the easiest way to feed the power consumers. In remote areas where fuel is difficult or expensive to access, or in situations where you appreciate the silence of solar power, we can recommend considering the SolarDrive Container Power Unit as a supplement for the noisy and polluting generators.

What can I do with a converted container?

We can supply and install a complete, turnkey renewable energy system to any converted container. It can include solar panels for generation, batteries for storage and everything required to deliver usable energy to the building. Systems will be easy to use, silent, efficient and be tucked out of the way so as not to interfere with daily life.

Juridisk navn SOLARDRIVE CONTAINER POWER ApS CVR-nr 34617902 Startdato 03.07.2012 Selskabsform Anpartsselskab NACE-branche. 279000 Fremstilling af andet elektrisk udstyr. Direktør Kim Ahrenfeldt Petersen. Adresse Sondrupvej 49, 8350 Hundslund Postadresse Sondrupvej 49, 8350 Hundslund Selskabskapital 400.

Solar containers contributions to energy security via supplying a decentralized energy technology solution, reducing dependence on centralized electricity power grids and fossil fuels, which is ...

A 6 kWp plug & play power unit from SolarDrive Container Power will produce 12 - 30 kWh per day as an annual average depending on location. That is an annual production of 4500 - 10000 kWh. Deploying 50 units will save you 225 - 1000 ...
