

Does solplanet have a mobile app?

As a testament to Solplanet's commitment to user-friendly experiences, you can effortlessly monitor the battery's charge and consumption through our intuitive mobile application. Elevate your energy reliability with the Ai-LB series as it sets new standards for durability, safety, and user convenience.

Does solplanet support hybrid inverters?

o Fully compatible with Solplanet's line of hybrid inverters. o Easily track energy consumption and battery charge/discharge levels. Connect and monitor your battery using our mobile app available in the Apple App Store. Connect and monitor your battery using our mobile app available in the Google Play Store.

Why should you use solplanet?

Streamlining user experience, quick setup and efficient data tracking are achieved seamlessly through the intuitive Solplanet apps. Users can easily monitor energy consumption and battery charge/discharge levels, fostering a transparent and user-friendly energy management experience.

Our Ai-LB low-voltage batteries are IP65 certified, have all-around BMS protection, and are built with the highest quality cells on the market, giving you the longest battery life cycle possible. And as with all Solplanet's products, you can easily monitor the battery's charge and consumption using our user-friendly mobile application.
