Based on the cabinet configurations used most today, preconfigured cabinets are available in your choice of housing, height, drawer interior, and color. The following represent a basic overview of preconfigured housing and heights.

I see these brands of machine shop cabinets at auction fairly often. They seem to be very heavy duty - and go for big amounts of money. Way more than I can afford. Does anyone here have any experience with these style of boxes? Those are just 3 brands I see often. Are there other comparable brands?

Industrial modular cabinets manufactured by Vidmar, Rousseau, and Lista exemplifies the quality, strength, and capacity available in these cabinets. Partition kits and dividers are also available to customize your storage

setup making it easy for efficiently organizing items.
