

WindForce PLC, in collaboration with Lakdhanavi Ltd and The Blue Circle Pte Ltd, is set to undertake Sri Lanka's largest private-sector renewable energy project. This is a 100MW Solar Power Plant with a Transmission Facility to be set up in Siyambalanduwa, Moneragala District.

At LAUGFS Power PLC, we are committed to leading the way in renewable energy production and sustainability. Our efforts are focused on delivering innovative energy solutions that contribute to a cleaner and greener future for Sri Lanka.

WindForce PLC, in collaboration with Lakdhanavi Ltd and The Blue Circle Pte Ltd, is set to undertake Sri Lanka's largest private-sector renewable energy project. This is a 100MW Solar Power Plant with a ...

Our nation has had many power-related issues in the past, and it's time to look at long term solutions that are beneficial not just to the consumer but also to the country," Director/CEO Chathura Weerasinghe added.

Siyambalanduwa in the impoverished Moneragala District of the Uva province will soon be the home for Sri Lanka's first integrated renewable energy project by a private sector consortium heralding a new beginning in the country's quest to reduce dependence on fossil fuel powered electricity.

Recently, the Mannar Project, which is Sri Lanka's first project powered by a Chinese wind turbine provider, has been fully installed and is now operational. The wind turbines, provided by ...

Recently, the Mannar Project, which is Sri Lanka's first project powered by a Chinese wind turbine provider, has been fully installed and is now operational. The wind turbines, provided by Goldwind, have been connected to the power grid and started working.

The formidable consortium leading this project comprises WindForce, a renowned leader in the renewable energy sector, Lakdhanavi Ltd, the leading independent power producer in Sri Lanka, and The Blue Circle Pte Ltd, a distinguished renewable energy company based in Singapore.

WindForce PLC, in collaboration with Lakdhanavi Ltd and The Blue Circle Pte Ltd, is set to undertake Sri Lanka's largest private-sector renewable energy project. This is a 100MW Solar Power Plant with a Transmission Facility to be set up in Siyambaladuwa, Monaragala District.

The formidable consortium leading this project comprises WindForce, a renowned leader in the renewable energy sector, Lakdhanavi Ltd, the leading independent power producer in Sri Lanka, and The Blue Circle Pte ...
