

Leclanch&#233;, Solrid, and MPC Energy Solutions began construction on a solar-plus-storage project in St. Kitts and Nevis. The project involves pairing a 35.6 MW solar PV farm with 44.2 MWh of lithium-ion battery storage. The project will provide SKELEC with about a third of the island's energy needs through a 20-year PPA. Source: Energy Storage [...]

On successful completion of this fully integrated solar photovoltaic system and a lithium-ion battery energy storage system (BESS), the facility will supply Saint Kitts with 30% ...

From reports from the National Energy Policy, St. Kitts' vision is to become the smallest green nation in the Western Hemisphere - with a sustainable energy sector, where reliable, ...

5 ???&#0183; Basseterre, St. Kitts -- The Government of St. Kitts and Nevis and the St. Kitts Electricity Company Ltd (SKELEC) have terminated the Renegotiated Power Purchase ...

In an exciting development for the Caribbean nation of St. Kitts and Nevis, the construction of two state-of-the-art solar-powered desalination plants is approaching its final ...

Saint Kitts and Nevis, an enchanting two-island nation in the Caribbean, beckons travelers with its lush landscapes, pristine beaches, and rich history. However, beyond the typical tourist amenities lies a treasure trove of natural beauty that is best explored responsibly through eco-tours.

With the project's completion, Leclanch&#233; will have enabled St. Kitts and Nevis to be in the global top tier of countries utilising renewable energy with over 30% penetration. Leclanch&#233;'s battery storage system will ensure ...

On successful completion of this fully integrated solar photovoltaic system and a lithium-ion battery energy storage system (BESS), the facility will supply Saint Kitts with 30% to 35% of consumers' annual electricity ...

5 ???&#0183; The Government wishes to reaffirm its commitment to deliver affordable, reliable, and renewable energy solutions to the people of St. Kitts & Nevis. Accordingly, in the coming weeks, SKELEC and the Government will be announcing new renewable energy opportunities aimed at transparently and inclusively advancing our energy transition goals and ...
