

Project Overview Site: A farm Date: May 2022 Location: Sudan Industry: Agricultural Irrigation, Crop irrigation  
Project scope: To develop a new series of solar pumps with the help of VEICHI solar pump drives  
VEICHI deliveries: Solar PV module array, SI23 solar pump drive, a motor  
Project Introduction In recent years, the ma

The largest Solar Energy distributor company in Sudan ACO Sudan is a Renewable energy company which was formed in 2020 in partnership between the Egyptian company Arab Consulting Office (ACO) and the Sudanese company MTWA International Investment.

Sudan is one of the countries with the lowest level of solar energy development in Africa, although its solar radiation level is the best in the entire African continent. In the past few years, the Sudanese government has tried ...

Sudan is one of the countries with the lowest level of solar energy development in Africa, although its solar radiation level is the best in the entire African continent. In the past few years, the Sudanese government has tried to implement several measures to increase the share of renewable energy in the country's energy structure.

Solar powered water pump technology is a very good solution to agricultural irrigation. The system consists of 14kW solar array, 11kW pump inverter and 11kw pump and provides 8m<sup>3</sup> /h water for irrigation
