

Who is Sun Contracting Group?

The foundation stone for today's Sun Contracting Group was laid back in 2010 with the founding of Sun Contracting GmbH (formerly: GW Energie Holding GmbH). Our team consists of employees who pursue only one goal day after day: The expansion of photovoltaics in Europe.

Why should you choose Sun Construction?

Sun Construction is a versatile choice for your construction project. Our team's wealth of knowledge, ingenuity, and adaptability enables us to deliver a blend of expertise and innovation. Sun Construction is intentionally versatile when tackling intricate projects.

Who is Sun Contracting Angern GmbH?

To further strengthen and establish the SUN CONTRACTING brand internationally, the project company BSW Solarpark GmbH, operator of the 1.5 MW solar park in "Angern an der March" (Lower Austria), will be renamed Sun Contracting Angern GmbH in the first quarter of 2020.

How does Sun Contracting GmbH promote the photovoltaic sector?

Simultaneously with the founding of sun-inotech GmbH, Sun Contracting GmbH launches a crowdinvesting campaign on several platforms to promote expansion in the photovoltaic sector. This crowdfunding campaign is successfully concluded only a short time later with more than 900,000 euros.

How many megawatts is Sun Contracting generating in 2019?

The Sun Contracting group of companies is already closing the 2019 financial year with a total installed and projected photovoltaic capacity of 54.2 megawatt peak in 3 countries, of which 38 megawatt peak were implemented as contracting. The total share capital of the group of companies can be increased to 3.9 million euros in 2019.

Why did Pachinger start Sun Contracting AG?

Finally, in 2017, Pachinger founded Sun Contracting AG in order to push ahead with a strategic orientation towards international markets and also to create a uniform brand presence throughout Europe. The introduction of a holding structure is preparation for the development of international photovoltaic markets.

The focus in 2019 will be on photovoltaic contracting: Sun Contracting concentrates exclusively on the realization of contracting systems. The entire project implementation is increasingly carried out by the company itself, with little cooperation with third-party providers.
