Les fabricants du monde entier font confiance à Sunnen pour concevoir des performances incroyables pour leurs pièces les plus critiques. Nous sommes prêts à travailler pour vous. Remplissez le formulaire ci-dessous et l'un de nos représentants vous contactera.

finishing equipment. A Sunnen solution might include honing, lapping, skiving/roller burnishing or deep hole machining...or a combination of those processes. Our 13 international affiliates and over 40 authorized distributors allow us to deliver top quality Sunnen machines, tools, service and training wherever they are needed around the globe.

Sunnen Products Company began in 1924 as the dream of a young man, Joe Sunnen, who devised new tools for working on automobile engines. Today Sunnen is the largest fully integrated company in the world specializing in precision bore creation, sizing and finishing equipment.

Manufacturers around the world rely on Sunnen to engineer incredible performance for their most critical parts. We're ready to get to work for you. Fill out the form below and one of our representatives will get in touch. Together, we'll achieve extraordinary results.
