

What does Teledyne Energy Systems do?

Teledyne Energy Systems specializes in custom integration and design of battery systems using commercial cells in various formats. We test, elect, and match cells to ensure optimal performance within our battery systems. Our Battery Management Systems are engineered and designed specifically for each application.

Who manufactures Teledyne batteries?

Teledyne Battery Products had a modest beginning in the early 1920's under the stewardship of Mr. Lawrence Gill. Since inception, Gill has been manufacturing first rate batteries primarily for the aircraft industry. In the 1960's, Gill Electric was sold to Teledyne, acquiring the new name of Teledyne Battery Products.

Which Teledyne batteries are best?

Teledyne presents FAA/PMA approved Gill battery products for the best discharge and recharge efficiency in valve-regulated lead acid batteries. These lower weight batteries have... Aircraft Engines Gill Batteries Dec. 10, 2008
