

Is Tesla Powerwall a good battery?

At 13.5 kWh, the Powerwall offers enough energy capacity for most homeowners. Tesla has been in the battery game since 2015, so the Powerwall has a proven track record of great performance. However, Tesla's warranty terms are falling behind those of some of its competitors.

Should you buy a Tesla Powerwall?

With the Powerwall, you need to double the size of your battery if you need more than 13.5 kWh. If you're looking for a relatively simple energy storage solution for a low price, then a Tesla Powerwall is a great option. However, if you need more customization in the design of your system, there are better options.

Can a Tesla Powerwall pair with non-Tesla branded solar panels?

Yes, a Tesla Powerwall can pair with non-Tesla branded solar panels. If you order Tesla solar panels on the company website, the Powerwall will be your only battery option. The Tesla Powerwall is a lithium-ion home storage battery that can be installed on its own or alongside solar panels to store energy for later use.

Does Tesla offer a discount on Powerwall installations?

Tesla offers a discount on Powerwall installations when batteries are bundled with the direct purchase of Tesla solar panels or Tesla Solar Roof. Solar & Powerwall discount starts at \$4,000, but can increase with the number of batteries you install. There are two ways to purchase a Tesla Powerwall:

Can a Tesla Powerwall save money?

Yes, several solar battery storage rebates and incentives are available that can reduce the price of a Tesla Powerwall installation. The biggest incentive is the 30% federal solar tax credit, which can save thousands of dollars on energy storage systems like the Tesla Powerwall. A \$16,800 Powerwall system would earn a \$5,040 tax credit!

Does Tesla offer rebates?

Tesla typically offers discounts when you buy more than one Tesla Powerwall, which lowers the overall price per unit. You can also save money on a Tesla Powerwall installation with local incentives and rebates. There are a number of regional battery rebate programs, and the federal tax credit is available nationwide!
