

We are a top-ranked EPC company for utility-scale solar and energy storage projects. One that approaches challenges from all sides in order to find successful solutions. An agile, open mind is our most powerful tool.

With the transition to renewable energy and a drive towards energy efficiency in Vietnam, SP Group is building on these developments to export and acquire expertise and assets in Vietnam. We set up an office in Ho Chi Minh City in 2020 to pursue sustainable energy solutions projects.

The 2024 updates to Thailand's renewable energy framework open significant opportunities for both new and established players. The introduction of Direct PPAs provides greater flexibility for private energy deals, whilst the focus on energy storage creates new avenues for investment and innovation.

Gridworks Energy's solar installation is easy, fast, and an environmentally friendly option for power generation. Call us today and our solar panel installation team in Edmonton will give you the best service possible!
