Eaton is een intelligent powermanagementbedrijf dat is toegewijd aan het verbeteren van de levenskwaliteit en het beschermen van het milieu voor mensen overal. We worden geleid door onze verbintenis om op de juiste manier zaken te doen, duurzaam te werk te gaan en om onze klanten te helpen bij hun energiemangement, zowel vandaag als morgen.

At the same time, new opportunities require faster speed-to-market. With our digital intelligence, world-class cyber-secure products and services, custom solutions and technical expertise, we help to optimize data centers and realize benefits. With Eaton, your data center is ...

As of May 2024, wind power in the Netherlands has an installed capacity of 11,611 MW, 40.9% of which is based offshore. [1] In 2022, the wind turbines provided the country with 18.37% of its electricity demand during the year. [2] Windmills have historically played a major part in the Netherlands by providing an alternative to water driven mills.

6 IEA WIND TCP NETHERLANDS 2022 o In 2022, the wind farm capacity was mainly expanded via onshore wind farms. The development added 866 MW and increased the total installed capacity in 2022 to 6 GW. Many new wind farms ranging from a few MW to a few hundred MW spread throughout the country contributed to this growth.

Eaton's power quality portfolio encompasses a comprehensive suite of power management solutions, including uninterruptible power supplies (UPSs), surge protective devices, power distribution units (PDUs), remote monitoring, software, power factor correction, airflow management, rack enclosures and services.

We provide sustainable solutions that help our customers effectively manage electrical, hydraulic and mechanical power - more safely, more efficiently and more reliably. Eaton's 2019 revenues were \$21.4 billion, and we sell products to customers in more than 175 countries. We have approximately 97,000 employees.

Eaton Industries Netherlands BV -- Consulting Organization from the Netherlands, has experience with European Commission Directorate-General for International Partnerships (EuropeAid HQ), it's involved in Electrical Engineering sector
