

Is Trina Solar a good brand?

Trina Solar competes with some of the top brands on the market, but they're not number one in any category. Trina Solar does everything pretty well (efficiency, temperature coefficient, warranties, price, etc.), but there's usually a premium solar panel brand that does it better.

Is Trina Solar a Tier 1 solar company?

Trina Solar is recognized as a Tier 1 solar panel manufacturer by Bloomberg New Energy Finance. However, it's important to highlight that the Tier 1 status mainly indicates a company's financial strength, which is crucial for big projects that need long-term reliability and viability. Trina Solar mainly competes on performance and value.

Where are Trina Solar panels made?

By the end of April 11th, 2022, their annual production capacity cumulative shipments of PV modules had exceeded 100GW. Trina has 3 manufacturing plants located in China, Thailand and Vietnam; it is reported that they have a 50GW+ company-wide production capacity. This makes them a top 5 solar panel manufacturer globally.

Are Trina Solar panels AA rated?

In recent bankability listing by PV Module Tech, Trina Solar were AA rated, which was the second high ranking. As a long-standing brand in the Australian market, Trina Solar panels have been used across a broad array of residential, commercial and solar farm projects in Australia dating back to the early 2000s.

Is Trina Solar better than SunPower?

Overall, Trina Solar offers above-average solar panels at a below-average price. While they may not be as efficient as SunPower, they're not too far behind. Looking at the table above, Trina Solar's Vertex S+ panel is 1.2% less efficient but about 20% cheaper per watt than its SunPower counterpart.

Are Trina Solar panels a good investment?

The federal solar tax credit alone reduces the cost by 30%. Price: Trina Solar's panels are about \$0.06 cheaper per watt than the average solar panel on the EnergySage Marketplace. Good specs: Trina Solar's panels' efficiency, performance, and degradation rates are competitive.
