

Is Trinity solar a good solar inverter company?

Trinity Solar offers Q-Cells for solar panels, which are highly efficient. Q-Cells panels boast an energy efficiency between 20.6% and 21.4%, which is comparable to the best in the industry. The company offers more selection for solar inverters, including equipment from SolarEdge, Tesla, and Generac.

Does Trinity Solar do its own solar installation?

Although some solar energy companies outsource the installation process to third-party contractors, Trinity Solar handles its own installations. The company has a large team of employees that make up various sectors, including customer support, construction, electrical, and service teams.

What warranties does Trinity solar offer?

Trinity Solar's warranties are relatively basic. The company offers a five-year warranty on workmanship for any solar, roofing or battery backup installations. The company also passes manufacturer warranties onto the customer, which usually covers the products for 25 years, but this depends on the brand and products chosen.

We present a literature review of Applied Imagery Pattern Recognition (AIPR) for the inspection of photovoltaic (PV) modules under the main used spectra: (1) true-color RGB, (2) long-wave ...
