We completed this solar-powered borehole pumping system near Konza Town, Machakos County. This state-of-the-art setup delivers up to 10,000 litres of water per hour, powered entirely by the sun, perfect for home use, cattle farming, and irrigation.

Benax Solar & Borehole solutions are experts in designing and manufacturing robust solar structures that are built to withstand even the harshest weather conditions. These strong solar structures offer numerous advantages, including:
