

Unisolar L.L.C. is the exclusive representative of the company AE SOLAR GMBH, for photovoltaic panels in the Republic of Kosovo and Albania. This made us proud as a company, motivating us to achieving the highest possible successes in the field of renewable energy.

Kosovo's geographic position makes it extremely well-placed for small-scale and large-scale solar PV development. The pace of development for solar projects in Kosovo is increasing. There is growing interest from investors to engage in developing new solar capacities across the country.

Conducted through an open and transparent process, the Kosovo solar auction will offer investors a number of critical advantages, including guaranteed price assurance, streamlined administrative procedures with government agencies, and no land acquisition costs.

Despite being geographically well suited for developing solar energy, Kosovo is facing legal, administrative, and financial barriers such as prolonged authorization procedures, solar PV installed capacity limitation, lack of RES skills and capacities, protracted legalization process, lack of public awareness, and modest support schemes, that

Explore the solar photovoltaic (PV) potential across 4 locations in Kosovo, from Vushtrri to Ferizaj. We have utilized empirical solar and meteorological data obtained from NASA's POWER API to determine solar PV potential and identify the optimal panel tilt angles for these locations.

Unisolar L.L.C. është përfshirë ekskluzivisht në kompaninë AE SOLAR GMBH, për panelet fotovoltaike në Republikën e Kosovës dhe të Shqipërisë. Kjo, na bën krenarë neve si kompani, duke na motivuar për arritjet e sukseseve sa më të larta fushën e energjisë së ripërtëritshme.
