

HANOI - Vietnam has construed ASEAN's largest solar farm under its DAU TIENG 1 and DAU TIENG 2 (DT1& 2) project with the combined generation capacity of 677 megawatts. Preeyanart Soontornwata, president of Thailand's BGRIM Power, said the DT1& 2 project in Tay Ninh province started to commercially sell electricity on June 3 and 13 ...

A \$37 million loan agreement signed October 2 between the Asian Development Bank (ADB) and Da Nhim-Ham Thuan-Da Mi Hydro Power Joint Stock Company (DHD), a subsidiary of Viet Nam Electricity (EVN) Power ...

The solar farm is capable of generating 688 million kWh of electricity annually. The complex, which was officially inaugurated on Saturday, was constructed on the Dau Tieng Reservoir - the largest artificial lake in Vietnam - and is expected to generate 10 percent of the country's solar energy to guarantee supply to 320,000 homes.

A 420 MW solar power project, the largest of its kind in Southeast Asia, has officially started production in Tay Ninh. The inauguration of the Dau Tieng Solar Power Complex, a joint venture between Vietnamese construction firm Xuan Cau and Thai conglomerate B.Grimm, took place Saturday in Tan Chau District, Tay Ninh Province, around 100 km (62 ...
