

Morocco, buoyed by recent foreign recognition of its rule over Western Sahara, plans to double green electricity production in the disputed territory to meet growing demand before it co-hosts the 2030 FIFA World Cup.

Green hydrogen (GH 2) prospects in Africa are developing at breakneck speed. But the biggest questions remain unanswered. Yes, Africa has the resources but can these highly capital intensive projects be made bankable while lenders demand heavy risk premiums on African projects?

ENTECH ENERGY COMPANY LIMITED 0105565020726 ...

The Beginnings... Entech-Renewable Energy Solutions Pty Ltd ("ENTECH(TM)") is a privately owned company that commenced operations in 1990. With a "step-by-step" approach to gaining experience, an enviable international reputation has been gained over the last approx 30 years for successful application of the Entech-WtGas-RES(TM) technology to a wide variety of ...
