

While WISE is often known as an anti-nuclear specialist, we have in fact been expanding our project portfolio to include alternatives and solutions, and work in partnership with other anti-nuclear grassroots as well as broad environmental organizations.

revenue management, including hedging, short & long term PPAs, renewable energy & obligation certificates; regulatory compliance & audit management; insurance and warranty management, including renewals & claims; first line legal defence; Get in touch with our experts

The World Information Service on Energy (WISE) is an anti-nuclear group founded in 1978 as an information and networking center for citizens and organizations concerned about nuclear power, radioactive waste, radiation and sustainable energy issues. Since their founding, they have been based in Amsterdam, the Netherlands.

WISE zet zich in voor 100% hernieuwbare energie: een schone, veilige en eerlijke energievoorziening voor nu en later, voor iedereen. De transitie naar een wereld zonder fossiele- en kernenergie is technisch, financieel en praktisch haalbaar.

The WES wind turbine has proven itself a durable, reliable high-performance solution. The first turbines have been operational since 1983, are still going strong and continue to generate energy for their owners.
