

Who makes Yingli solar panels?

Yingli Solar is one of the oldest renewable energy manufacturers and has been in business since 1998. The Yingli business model covers the entire production process of the panel. From the raw materials that make silicon solar cells, or ingots, to the backsheets, Yingli strives to ensure that each solar panel is high-quality.

Are Yingli solar panels a good choice?

Yingli Solar has modules that range from 315 - 450 watt solar panels, which is a solid range to choose from. Either one of Yingli's residential solar panels will provide enough power to keep your home's electricity running. A solar panel's efficiency rating represents the amount of energy absorbed that will be turned into electricity.

Where is Yingli Solar located?

Yingli Solar is headquartered in Baoding, Hebei Province. The company has many bases in Baoding, Tianjin, Hengshui and other cities. Yingli Solar boasts over 2 decades of industry experience and a worldwide marketing network.

How much power does a Yingli solar panel produce?

In the case of Yingli solar panels, it is between 315W - 450W. The positive power rating for Yingli solar panels is listed at 0/+5 W, meaning that the panels will not produce less than their power rating but they might produce as much as 5 W more than their highest rated wattage.

How many branches does Yingli Solar have?

At present, Yingli Solar has more than 10 branches worldwide, including offices in the United States, Spain, Japan, and Australia.

Can bad actors wiggle their way into home solar panel installation?

Since home solar panel installation is still a relatively young business, there's ample room for bad actors to wiggle their way in to make a go at your wallet.
