

Who is Zytech?

" Zytech is a leader implementing Blockchain technology for Solar panels, revolutionizing the traceability and Production Quality Control. " Zytech is among the world's leading renewable energy solutions provider that is revolutionising and redefining the way sustainable energy sources are harnessed across the world.

Who is Zytech solar?

Zytech Solar is one of the leading Solar panels manufacturers in Spain since 2006. With own manufacturing plants in Spain and in China, Zytech has sold its high quality panels to the world's largest EPCs worldwide. Recently Zytech Solar is associated with a leading TIER1 Solar panels manufacturer, being able to provide TIER1 Certification. St..-

Does Zytech solar offer monocrystalline or polycrystalline photovoltaic modules?

Zytech Solar offers monocrystalline or polycrystalline photovoltaic modules. The silicon cells are procured from the world's top suppliers. The cell efficiency is from 14.5% to 19.5% in monocrystalline and 13% to 20.5 % in polycrystalline.

Why should you choose Zytech solar photovoltaic modules?

The Zytech Solar photovoltaic modules are characterized by their efficiency, reliability and robustness. We have adapted to different markets with maximum flexibility in the powers, for all types of projects:

Where is Zytech located?

Zytech Group has its presence in Spain, France, Germany, Italy, India, Egypt, Hong Kong, and in the USA. Photovoltaics is regarded as an ideal modern energy technology. With its wide range of possible applications, huge cost savings potential and zero operating emissions, photovoltaics is the key to energy provisions in the future.

What is Zytech Solar India Private Limited?

Zytech Solar India Private Limited is a Private company incorporated on 24 December 2014. It is registered at the Registrar of Companies, Hyderabad, and is classified as a Non-govt company. Its authorized share capital is Rs. 100,000 and its paid up capital is also Rs. 100,000.

Zytech Solar offers Mono-crystalline, Polycrystalline & Perc photovoltaic modules. The silicon cells are procured from the world's top suppliers. The Solar Modules Range is from 2W to 440W in Mono-crystalline/Perc and 2W to 350 in Poly-crystalline/Perc. The highest levels of efficiency, reliability and stability are given by cells made of poly ...

Zytech Solar Water Heater; Zytech LED; Zytech Certificates; Contact Us; Our Gallery. Germany - Rettenberg Capacity: 458kWp India - Greater Noida Capacity: 1.2MWp Taiwan - Agongdian Reservoir, Kaohsiung

Capacity: 2.32MWp Taiwan - ...

Zytech Solar is part of the Zytech Group, a Spanish group of companies with an International presence whose activities occur on five continents. It specialises in producing Photovoltaic Modules, Building Integrated Photovoltaic (BIPV) systems and off-grid Photovoltaic systems. Other group companies are devoted to manufacturing Solar Street ...

Our solar panels are low-profile and durable quietly converting sunlight to energy for decades to come. Integrated hardware and simple design achieve this by securing the panels close to your roof and to each other for a minimal aesthetic.

Zytech Group Founded in 2005, ZYTECH India Founded in 2014 ISO Certified with its other certification IEC, MNRE, TUV, ISO, UL approved to create a sustainable world as a leading PV sOLar Manufacturer. ZYTECH has built a good reputation at home and abroad with top quality products, advanced Solar solution and cheerful after-sales service.

Zytech Solar provides cutting-edge photovoltaic modules, including Mono-crystalline, Polycrystalline, PERC, and the latest HJT (Heterojunction) technologies. Our solar modules now range up to 700W, offering superior efficiency, reliability, and durability. With silicon cells sourced from the world's top suppliers, Zytech Solar ensures high ...
